

### **Meeting Setup**

ProHost® delivers, collects and returns meeting setup items in an efficient and attractive manner. Lockable equipment keeps supplies secure. Mobiles transport supplies through guest areas without compromising the hotel's polished image.

### **BackBar**

ProHost® for Backbar controls valuable bar inventories in the storage, delivery and usage phase of the inventory cycle. The roll-up tambour door and lock provide security and accountability for inventory in the delivery and collection phase. The program eliminates hundreds of material handling events.

### **Room Service Tray Pickup**

The Mobile Super Supplier offers a solution for fast and unobtrusive collection of room service trays from guest areas. The Super Supplier can hold 10 to 14 trays at a time and deliver them directly to stewarding. Managers can improve the quality appearance of guest corridors, reduce breakage, losses and stains on carpets with efficient and attractive tray pick up capability.

### **Banquet Setup**

Faster function setup and breakdown are available with the ProHost® Banquet Setup Mobiles. Banquet table service items are organized and delivered to functions in "program-loaded" totes and trays. Mobiles may be secured with the lockable tambour door. Delivery through public spaces is no longer a challenge with the furniture grade appearance of the Mobiles.

### **Soiled Linen and Trash Collection**

ProHost® Collectors offer flexibility with functionality. The Super Collector, teamed with the external trash bin, provides capacity and a smart appearance for use in public spaces as well as heart-of-the-house areas. Mobile Collectors support the separation of linen types and with its unique rising linen platform facilitates the removal of soiled linen.

### **Minibar Restocking**

ProHost® Mobiles allow for a smooth and controlled delivery of minibar items to guestrooms. Power-assist revolutionizes the delivery abilities of minibar attendants. Back strain and fatigue associated with moving heavy loads are virtually eliminated with the power option for ProHost® Mobiles. The lockable roll-up tambour doors secures the contents. The Junior Supplier, with its low profile and 11 cubic foot capacity, is ideal for organizing specialized, limited inventories and for travel through public areas.

### **Restaurant and Banquet Linen**

ProHost® Super Suppliers efficiently distribute linens to food and beverage outlets in a secure and controlled fashion. Managers can easily set Mobile load plans to match the delivery linen par requirements. The long SL-Shelves help preserve the quality appearance of the linen. A Mobile Supplier configuration is also available.

### **Coffee Service Setup**

Lobby and meeting coffee service are set up in a quick and efficient manner with ProHost® Super Suppliers. Coffee, water pitchers and service items are delivered to the event location out of the guests' view. Superior capacity and organization result in fewer trips for staff.

### **VIP Amenity Delivery**

ProHost® Mobiles deliver and control VIP and hospitality amenities. Adjustable S-Totes and S-Trays accommodate a wide array of VIP gifts and amenities. Mobiles provide process efficiency and attractive appearance in the guest hallways. The lockable tambour door secures the contents of the Mobile.
